

Whenever There is Exposure

To germ diseases,—the grip, typhoid fever, diphtheria, consumption,—it is especially important that the blood should be pure and rich.

According as the blood is pure and rich or impure and impoverished, the power of resistance to germ diseases is great or small.

Hood's Sarsaparilla makes the blood pure and rich—normal in red and white corpuscles and all other constituents. It restores the appetite, relieves that tired feeling, and builds up the system.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

SUFFRAGETTE CAMPAIGN WARMES UP IN BOSTON

Rachel Costello Addresses Crowd at The Capitol—Example of English Methods.

Boston, Feb. 24.—A sample of the "votes for women" campaign in England was presented at the state house yesterday when Miss Rachel Costello, a well known British "suffragette" mounted a granite pillar at the Beacon street steps of the capitol and addressed a crowd numbering more than 500. Miss Costello's address was made in connection with the greatest woman suffrage demonstration ever held at the State House, which occurred yesterday with a room crowded to the doors and the overflowing meeting on the steps.

The crowded committee room was about evenly divided between supporters and opponents of equal suffrage, and was in the nature of a joint debate. The meeting on the steps, however, was composed entirely of persons in favor of votes for women, and a crowd numbering more than 500 listened to several addresses, the chief of which was made by Miss Costello, of Oxford, England, who for the past six months has been visiting the United States. Miss Costello told the crowd of the English suffrage campaign and pleaded the cause of the suffragists in this country.

At the meeting in the committee room the principal speakers were Miss Theresa Desmond of Brookline, in favor of women suffrage, and former Representative Charles R. Saunders of Boston, who spoke in opposition.

The outdoor meeting was finally broken up by the police amid protests.

PRESENTED TO THE KING.

William G. Rockefeller and James Stillman Meet Edward.

London, Feb. 24.—King Edward held his first levee of the season at St. James's palace yesterday. Among those present were the majority of the members of the cabinet and diplomatic corps. The American ambassador, Whitwell Reid, was in the diplomatic group. He was accompanied by John Ridgely Carter, secretary of the embassy; Lieutenant Commander John H. Gibbons, the naval attaché; Capt. Sidney A. Cloman, the military attaché, and Craig W. Wadsworth, second secretary of the embassy. He presented to his majesty Arthur Orr, the new third secretary; William G. Rockefeller, James Stillman of New York, L. H. McCormick, an American resident of London, and Lieutenant Commander Chester Wells, U. S. N.

Miss Green Married.

Morristown, N. J., Feb. 24.—Miss Sylvia Green, daughter of Mrs. Hetty Green of New York, one of the wealthiest women living within the United States, was married yesterday at high noon to Matthew Ar. Wilkes, Mr. Wilkes, who is about 65 years of age, is the great grandson of John Jacob Astor. Mrs. Green and her daughter have been living in modest apartments in Hoboken, but yesterday morning came to this city with a wedding party of about 30 persons in a special car.

THEY PRAISE THE POULTRY FOOD.

A proper appreciation on the part of his customers of the true merits of any article of merchandise sold by a merchant is always a source of gratification to him, not only because of the pleasure there is in knowing that he is able to furnish what the people want, but because it ensures a large and increasing trade in that line. The Seaver store at North Troy, Vt., are evidently fortunate enough to have anticipated the wants of the poultry keepers in their vicinity. Read the following letter from them: "We have sold your Page's Perfected Poultry Food ever since it was first put on the market, and we have found an ever increasing sale for it. Do not think we ever lost a customer, after getting him to give it a trial. We consider a dealer very fortunate that secures its sale in his territory. Poultrymen in this vicinity cannot say enough in its praise. You may ship me one barrel Oct. 1, and one barrel Jan. 1, and we will order more later on. If you want to know more about this food and the best ways of using it, write to C. S. Page, Hyde Park, Vt., for his booklet, 'Feedable Poultry.' It will be sent free, postpaid, to anyone mentioning this paper."

EASY TIME FOR GODDARD

Defeated Bradford Academy, 67 to 9, Last Night

THE VISITORS VERY WEAK

After the First Two Periods the Home Team Was So Far Ahead That They Practised Passing the Ball.

The Goddard seminary basketball team won in a walk last evening over the Bradford academy team and when the final whistle blew the score, owing to the fact that Goddard during the last ten minutes of the game let up throwing baskets and practiced passing the ball, was only 67 to 9. The game was played in the pavilion and was the easiest victory that has been won here this season. It was more than evening up with Bradford for their defeat at Bradford early in the season.

Bradford made but three baskets from the floor, two in the first period and one in the third. In the second period they were shut out without a score though they had five chances on fouls for baskets. Spaulding and Moore of Goddard both broke their records for goals from the floor made this season, Spaulding making 13 and Moore 10. In the last period Alexander and Richardson dropped out of the game and the two substitutes, Lane and Knight were put into the game. Goddard made 36 of her points in the second period and in the last period after throwing in a few more for luck did not try for any more but spent the remainder of the time in passing the ball for team work practice.

The summary:
Goddard, r. f. l. g. Pierce
Spaulding, r. f. g. Wright
Moore, l. f. r. g. Cowdrey
Scampini, r. g. and c. . . . l. f. Shumway
Richardson, r. g. and c. . . . l. f. Shumway
Knight, r. f. r. f. Tarbox
Alexander, l. g. r. f. Tarbox
Lane, l. g. r. f. Tarbox

KELLEY'S RAKE-OFF.

Former Boston Base Ball Manager Gets Rich on His Reduction.

Boston, Feb. 24.—Pres. George Dovey has agreed to pay Joseph Kelley \$3,000 for the making of his contract with the Boston club, which had one year to run at \$5,000 per year. As Kelley will be given \$8,000 from the Toronto club for handling that team as well as playing, it means that he will practically receive \$8,500 for his next season's connection with the national game—a pretty snug figure for a young man turned back to the minor leagues.

This shows that the national commission would not back up a ball club in turning down a legitimate contract between a club and a player where the reserve clause was taken out. The sum of \$3,500 is big money for a ball player to consent to a change of base, made possible when Kelley refused to sign the regular ball contract with a 10-day notice tacked on. It will also show the magnates that they must go through with their signed agreements, just as the players have been forced to, which is another good point in favor of the national commission.

OVER 1,000 DELEGATES.

New England Congregational Congress Opens at Manchester.

Manchester, N. H., Feb. 24.—More than 1,000 Congregationalists, clergymen and laymen came yesterday from all parts of New England as delegates to the second New England Congregational Congress, which opened here yesterday forenoon. Every church sent its pastor and at least one layman. More than 300 ministers and as many laymen came from Massachusetts, while Connecticut's representation was the second largest, with more than 100 clergymen and 150 laymen in attendance.

The first session began shortly before noon in the Hanover street church, and was occupied in organizing and the transaction of routine business.

A devotional service, followed by addresses by leading clergymen of the denomination, was announced for the afternoon program.

CONCORD CONTINUES CAPITAL.

Bill to Remove It to Manchester Overwhelmingly Defeated.

Concord, N. H., Feb. 24.—The bill to remove the state capital from Concord to Manchester was killed by a vote of 277 to 60 in the New Hampshire House of Representatives yesterday. As an indictment for the transfer of the state capital from Concord to Manchester, the latter city had offered a suitable site and the sum of \$1,000,000.

ATTACKS "UNWRITTEN LAW."

Brady Calls Lawyer "Counsel for Degenerate Aristocracy."

Kansas City, Mo., Feb. 24.—The Rev. Dr. Cyrus Townsend Brady, formerly of Toledo, at a banquet of the Sons of the Revolution here Monday night delivered a scathing denunciation of the "unwritten law," and openly named Delphin M. Delmas, counsel for Harry K. Thaw, as "the \$100,000 counsel for degenerate aristocracy, who uttered insults to God and humanity." Dr. Brady said:

"There is no 'unwritten law' in this country. It was only because of the unwritten law of taxation without representation that the great war of the Revolution was fought."

"Delmas says he is the exponent of, and the originator of the phrase 'dementia Americana.' Rather it should be 'Delmasia dementia.'"

FRANCE WORKS FOR PEACE.

Asks Germany to Join in Mediation Between Austria and Serbia.

Berlin, Feb. 24.—The menacing attitude of Serbia and the military dispositions taken by Austria-Hungary in connection therewith have caused the French government to undertake mediatory representations in the interest of peace, and Germany has been asked to join France in this endeavor. The German foreign office replied that it was in full sympathy with the object of these representations, but it did not consider it desirable to participate in suggestions to Austria-Hungary; it was quite willing, however, to assist in pressure upon Serbia to keep the peace. It is understood in Berlin that France took this step after reaching an agreement with Russia, a power very deeply interested in this situation.

THE PRINCE'S VISIT.

German Heir-apparent May Come Here Incognito.

Berlin, Feb. 24.—Although it is officially declared that nothing is known here concerning the reported intention of the crown prince, Frederick William, to accept an invitation from American yachtsmen to visit the United States next fall, it is learned from a private trustworthy source that the visit is by no means unlikely to be made. The prince, with the princess, may accompany the three yachts of the special, or sonderklaus, which it has been planned to send to America to take part in the regatta of the Eastern Yacht club of Boston. Should the prince make the visit he will do so incognito.

HUNTS BOMB MAKERS.

Hindu in Search for Indian Revolutionary Agents.

Vancouver, B. C., Feb. 24.—R. Khela Singh, an educated Hindu in the service of the imperial government at Simla, recently visited Vancouver and adjacent cities for the purpose of investigating the alleged manufacture of bombs by East Indians for use in the revolutionary movement in India. He proceeded from here to Seattle, and thence to San Francisco. He is now in Honolulu.

NASAL CATARRH

The Red Cross Pharmacy Sells the Great Remedy That Cured Mrs. Karberg.

Here is a very simple yet wholly sincere statement of a Michigan woman, who was cured by using Hyomei—the no cure no pay remedy for catarrh, asthma, hay fever, coughs, croup, and colds:

"A bad case of catarrh was cured for me by the use of Hyomei. The trouble affected my head, nose and eyes, and was very annoying and disagreeable, and cured by the use of Hyomei, was very gratifying. Hyomei has from me a strong recommendation and endorsement."—Mrs. E. Karberg, 213 Kingsley street, Ann Arbor, Mich., Nov. 16, 1908.

"Thousands of just such letters are in existence, and thousands more would be but for the desire to avoid publicity."

If you have catarrh, beset yourself, and drive it out of your system. Kill the germs. You can do that easily if you use Hyomei (pronounced High-o-mei).

It is a dry, antiseptic and very pleasant air that when inhaled quickly relieves all forms of catarrhal inflammation, stops snuffles, hawking and blowing. The price for a complete outfit, including inhaler, is only \$1.00, at The Red Cross Pharmacy.

DIVIDED ON THE TARIFF

No Policy is Framed by the Democrats

FAVOR REVENUE MEASURE

It Will, However, Be a Protective Measure—The Congressmen Will Endeavor to Protect Constituents.

Washington, Feb. 24.—The Democratic senators will be divided as to the best policy to be pursued when the tariff bill reaches their next session. They are a unit on the general principle that the tariff should be based on the demands of the government for revenue rather than protection and apparently if the Democrats themselves were in the majority and were framing a bill it would be upon this basis. Some of them believe in proceeding upon this theory even though the Republicans frame the bill. Others, coming from states in which there are large industries which have heretofore been the subject of protection, take the view that, as the bill will, under any circumstances, be a protective measure, it is in line of their duty to their constituents to exert themselves to obtain the best protection possible in the new measure. Senator Simmons of North Carolina is among the Southern Democrats, who take the position that Southern products should be properly taken care of in a protective bill, and he will devote special attention to the lumber schedule, which he apprehends will be vigorously attacked in the effort to get new legislation.

TO RESTORE JEFFERSON DAVIS' NAME

President Issues Order That It Be Placed on Cabin John Bridge Tablet.

Official amend for the sensational elimination of Jefferson Davis' name from the stone tablet on Cabin John Bridge, six miles west of this city, during President Lincoln's administration, is given in instructions issued by the president through the secretary of war to the chief of engineers of the army to restore the name. It was under Davis as secretary of war, and when he joined the Confederacy and became its president, his name under government orders was chiseled from the tablet. Repeated efforts to restore it have been made. The erasure of the name was by the direction of Caleb Smith, Lincoln's secretary of the interior, after a suggestion by Galusha A. Grow of Pennsylvania, then speaker of the House.

ARKANSAS ACT VALID.

Anti-trust Law Withstands Test of the Courts.

Washington, Feb. 24.—The Arkansas anti-trust law was held by the supreme court yesterday to be valid as to the procedure under which the Hammond Packing company was fined \$10,000 for refusing to produce its books and officials to give testimony in a suit involving its membership of a combination in restraint of trade. Six other packing companies are also concerned in the litigation of which this is a test case.

PRESIDENT GOES TO FUNERAL.

Attends the Services for Stewart Douglas Robinson.

Washington, Feb. 24.—President Roosevelt, accompanied by Mrs. Roosevelt, have gone to New York to attend the funeral of his nephew, Stewart Douglas Robinson, who was killed by falling from a window in his dormitory at Harvard university. The funeral was held at 9 a. m. to-day and the president at once returned to Washington.

EXPRESS FRANKS PROHIBITED.

Federal Supreme Court So Interprets Interstate Commerce Law.

Washington, Feb. 24.—That the interstate commerce law prohibiting the issuance of passes to employees on the railroads is applicable to the granting of express franks was held by the supreme court of the United States in the case of the American Express company against the United States, yesterday. The case originated in Chicago.

N. Y. CENTRAL MUST PAY FINE.

Federal Supreme Court Affirms Verdict of Lower Tribunal.

Washington, Feb. 24.—The verdict of the United States circuit court for the southern district of New York imposing a fine of \$108,000 upon the New York Central Railroad company on the charge of granting rebates to the American Sugar company was affirmed yesterday by the supreme court of the United States.

STEPHENSON LOSES VOTES.

Madison, Wis., Feb. 24.—On the 15th joint ballot of the Wisconsin legislature yesterday for the election of a member of the United States Senate, Stephenson received 49 out of 117 votes cast, lacking 10 of a necessary majority.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

DON'T BE BALD

Nearly Anyone May Secure a Splendid Growth of Hair.

We have a remedy for hair troubles that cannot be surpassed. It has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads, if the scalp is not glazed and shiny. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so sure that Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid for Rexall "93" Hair Tonic in any instance where it does do as we claim or fails to give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. We have it in two sizes. Prices 50c and \$1.00. We urge you to try Rexall "93" Hair Tonic on our recommendation, and with our guarantee back of it, you certainly take no risk. Rickert & Wells, The Red Cross Pharmacy, Miles granite block.

WOULD LEAVE ASYLUM.

Newly Made Benedict Wants His Freedom.

Worcester, Mass., Feb. 24.—W. W. Sargent, a wealthy carriage dealer, who was committed to an insane asylum on Saturday following his arrest for insanity by his family after his marriage on Friday to Miss A. Mary Hanft, an heiress, is to fight to get out.

His family filed a petition in the probate court here yesterday for a guardian, this action being regarded as the fastest work of its kind on record in the local court.

Mrs. Sargent got in to see her husband, and they have retained former Attorney General Herbert Parker and Charles J. O'Hara to oppose the appointment of a guardian and to block the marriage annulment petition to be filed by the Sargent family. The fight to free Sargent will be made before the state insanity board, though he may be freed within a day on a writ of habeas corpus.

LAWYERS FALL OUT.

Rough and Tumble Fight Follows Giving of the Lie.

South Bend, Ind., Feb. 24.—The passing of the lie by Prosecutor C. E. Patton of the lie by Prosecutor C. E. Patton fending Vincent Florowski, arrested on a charge of having a slot machine in his store, brought on a rough and tumble fight in the court of justice in which the state's attorney was worsted. After both men had landed several blows and the blood was spurting from Patton's nose and mouth, the lawyers rolled all over the floor. They overturned furniture and caused a general uproar.

Before the men were separated it was necessary for the justice and twelve jurors to interfere. Following the fight Patton announced that hereafter all slot machine cases would be tried in the circuit court.

BARS "THIRD DEGREE."

New York Judge Calls Police Method Dangerous; Rejects Confession.

New York, Feb. 24.—In excluding from evidence the alleged confession of Richard Cosgrove, 17 years of age, offered at the joint trial for burglary of the youth and a companion, Thomas Fitzgerald, yesterday, Judge Foster of the court of general sessions characterized the "third degree" or police "sweating" process, as barbarously inquisitorial and a menace to the public well being. Sustaining objection to the admission of the alleged confession, which had been secured by detectives, Judge Foster said:

"This 'third degree' is a dangerous thing. It borders on the Spanish inquisition. I do not say that this is a fact, but there is that feeling and impression and public policy requires, of course, that no one ought to be forced to give testimony against himself."

Cosgrove and Fitzgerald were charged with robbing a Perry street store on January 18 last. The jury in the case disagreed.

HETCH HETCHY CASE DELAYED.

No Action to Be Taken By This Congress.

Washington, Feb. 24.—From information current yesterday no further action will be taken at this session in behalf of the joint resolution authorizing the city of San Francisco to use the Hetch Hetchy Valley for reservoir purposes. The Californians are understood to consider that the project stood no chance of approval at this session and have ceased their agitation. The committee on public lands, which has before it also the proposition of Edward A. Whitman of Boston for the appointment of a commission to investigate and report upon the merits of the grant, will sit tomorrow, but probably will not consider the resolution.

PATENT PACT WITH GERMANY.

The Agreement Goes to Senate For Ratification.

Washington, Feb. 24.—Secretary Bacon and Count von Bernstorff, German ambassador, yesterday signed a patent agreement between the two countries. It will be sent to the Senate for ratification. It is understood that the negotiations leading to the agreement contemplated a provision making it unnecessary for inventors of one country in order to protect their patent rights in the other to erect factories in which to manufacture their inventions.

ENGLAND AND THE WRIGHTS.

Matter of Their Services as Regards Aeroplanes Being Considered.

London, Feb. 24.—In reference to the future policy of the war office with regard to experiments with aeroplanes and airships, Arthur Lee, Conservative member from Hampshire, asked War Secretary Haldane in the House of Commons yesterday whether the government had taken steps to secure the services of the Wright brothers.

Mr. Haldane said he would rather not answer the question at this time, as the matter was under consideration.

STOCKS DROP SHARPLY

Steel Leads in Further Brisk Recession

OTHER METAL STOCKS

Conspicuous, Also Reading—Declines of \$3 to \$10 in Wall Street List—Liquidation Active and Stocks Pressed for Sale.

New York, Feb. 24.—The double holiday gave little encouragement to those having to do with Wall street, unless to the bear. London had marked down American stocks with emphasis yesterday and when New York started in yesterday it carried on the work, putting prices down sharply and generally. Over 200,000 shares of United States Steel sold in the first two hours, or more than one-third of total dealings in that period. From 46 at the close Saturday to 41½ was the record here, with preferred off 2½, at 107¼. There was some rally around noon, but it was but a lull; report that the United States supreme court had decided against the New York Central in rebate cases aided another selling movement and yet lower price-level. The cases referred to included several counts, the Sugar Refining company being the beneficiary. New York Central fell 4½, to 121¼; Reading lost 10½, to 118, and they were conspicuous among the railroad stocks. Fear of a supreme court decision in the commodity clause of the Hepburn law again influenced Reading; other railroads were heavy and some were conspicuous for losses—2 to 4 in the leaders. The metal stocks fell sharply, Republic Steel preferred dropping 7½, Smelting 3 and Amalgamated Copper 4½.

Industrials generally dropped, Westinghouse Electric showing loss of 4, Colorado Fuel & Iron 2½, Lead 3½, and so on. The selling at times was urgent; Union Pacific was off 4 and Pennsylvania, after touching 130, fell to 126½. Little lasting power of rally was displayed and at mid-afternoon prices were at the lowest with well over \$1 taken off the average of "barometer" stocks and closing was decidedly weak. The market is behaving much according to precedent in receding in February; it is a little early for the sap to run and there are enough peculiar factors, special influences this year, utterly to upset the ordinary "chart system."

BUSINESS CONDITIONS IMPROVED.

Change at Close of 1908 Shown by Department of Commerce.

Washington, Feb. 24.—Marked improvement in business conditions in the United States at the close of the calendar year 1908, as compared with the latter part of the previous year, and in many cases a return to normal conditions, are shown by special compilations made by the bureau of statistics of the department of commerce and labor.

Taking the value of the building permits issued in sixty-three leading cities of the country, the report shows that, while each of the first eight months of 1908 were behind the corresponding months of the previous year, each of the last four months showed an improvement, which was especially marked in November and December.

The number of cars handled by associations, covering practically the entire country, was larger in December, 1908, than in the same month of 1907. This is taken as an assumption "that general business conditions are improving and that the quantity of merchandise being bought and sold and transported is increasing." Similar improvement is shown in other lines of business.

TWO WOMEN SENT BY MAIL.

Asquith Servants Refuse to Accept The Suffragette Human Letters.

London, Feb. 24.—Two "human letters" were despatched to Premier Asquith yesterday afternoon by the inventory militant suffragists. Mrs. Drummond and Miss Cristobal Pankhurst were the senders of this novel mail.

Entering the Strand postoffice the two women inquired if it was a possible thing to send two "human letters" by express. Upon being answered
